A Blood Vessel

Excess blood proteins and water can leave the bloodstream under shock, stress, poison or injury. Only the lymphatic vessels can remove the blood proteins and water!

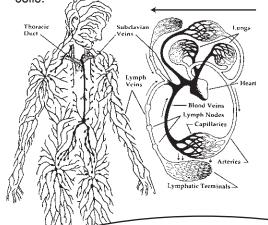

How is Oxygen Converted To Power At The Cell Level? _

"It takes oxygen to turn on the (Na+)sodium-(K+)potassium pumps in every cell which generates electricity that gives the eyes the power to see, the brain the power to work, and so forth!"

A Lymphatic Vessel

These vessels go up in between the cells to remove blood proteins and water from around the cells thereby maintaining the cells in the 'Dry' State so they can pull oxygen and nutirients from the blood stream right into the cells.

Healthy Dry State / Diseased Swamp State

HOW DO CELLS GET OXYGEN FROM THE BLOOD STREAM?

No pain, loss of energy or disease! "Healthy

babies are born in the 'Dry' State."

Dr. C. Samuel West - Nov. 2001

This condition enables the cells to obtain abundant levels of oxygen and nutrients from the blood stream.

The Lymphatic System

is like a tree in your body. The branches go up inside the head, the roots go down in the feet and the trunk in the chest is called the thoracic duct.

Natural Disease Process

Excess Fluid, Excess Na+, & Lack of O₂ = Acidity, Free Radicals etc.

WHAT CAUSES LACK OF OXYGEN AT THE CELL LEVEL?

Excess blood protein and water around cells produces lack of oxygen. This condition is called "internal drowning" where the Na+ K+ pumps (the electric generators) are being "shut off". The result is pain, loss of energy and disease. The name of the disease is not so significant anymore.

Everyone knows that the oxygen & nutrients are delivered to the cells by the blood vessels. What people do NOT know is that in order for the oxygen & nutrients to GET TO the cells, the lymphatic vessels have to keep the cells in the 'Dry' State! This priceless research was done between 1930-1961 but it was then neglected, obscured, and buried. We have the only organization on the face of the Earth, that is teaching these discoveries! In September of 1981 Dr. West started the International Academy of Lymphology (I.A.L.) to bring that life saving research to the world.

THE DISCOVERIES PERTAINING TO BLOOD, LYMPHATICS, LIFE PROCESS, & CELL ECOLOGY REVEAL HOW EVERYONE CAN HELP ASSIR

Assimilation / Elimination / Filtration

STOP PAIN, CANCER, & ANY DEGENERATIVE DISEASE!

Dr. C. Samuel West DN, ND Chemist & Lymphologist is the father of Process-Based Healing. If you understand the process you are likely to figure out how to speed it up! He authored the Home-Study for Self-Healing Applied Lymphology materials we provide at the Academy that he founded. He was however much more than just a lymphologist! He started as a bio-chemist. Taking a look at the upper right hand corner of this flier you can see the Prime Ecological Variables. Circulation and Filtration are obviously the most critical. Yet, in the case of every disease each and every one of those variables needs to be acknowledged and resolved! Your body is an eco-system! It is also a sponge matrix of various types of water compartments. Most of these compartments must be maintained precisely! All stressors are biotransformational and cells are constantly recieving instructions. There is also an electromagnetic terrain all throughout that negates decay and makes circulation possible. Every cell must recieve groceries and waste management services or they will suffer and die. The lymphatic system is to your body like a filter on a fish tank for your fish. Every cell is constantly generating power for each and every part of the body to function properly. The same act generates the properties that make circulation possible! This research opens the door wide open for "Energy Medicine". It is also the science behind every healing art on earth and the most sophisticated approach to health care imagineable! It proves that all anyone can do to help the body heal itself is something to renew the environment for the cells. So now that we KNOW... where is the evidence based paradigm now?

We are living in the Pasteurian Medical Age - surrounded by Pasteurians! The most ironic thing in the world would be to blame BeChamp for what is happening. Can the forces of nature be cured? Of course not! Help us eliminate the arrogance against nature and God that currently fuels the drug industry into the totally absurd role and dimensions it enjoys today!

It took seventeen years to uncover the research done between 1930 and 1963 at the Harvard Medical School, the Tulane School of Medicine, and the Mississippi School of Medicine which proved that blood protein and water coming out of the blood stream is the actual cause of pain, cancer, heart disease, diabetes, and all other crippling and killer diseases!

We now know that cancer is now the #1 killer of children, and the death rate for adults has been doubling almost every four years so that since the year 2000, 9.8 out of 10 get cancer before dying. In the United States alone, approx. 3,500 people are being killed with cancer EVERY DAY! That is the equivalent to 108,000 people per month. This destruction is equivalent to 23 BOMBS (like the bomb in Oklahoma) killing 150 people per bomb EVERY DAY, or ONE ATOMIC BOMB, killing 50,000 people per bomb EVERY TWO WEEKS! AND SILENCE REIGNS... Why?

When people learn how to work with laws of nature by understanding the healing process, it becomes clear that drugs, and surgery, are not the best solution to any of the problems!

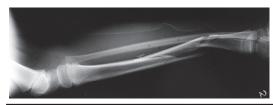

As it turns out - you have more **ability**, more **opportunity** and more **motivation** to enable your own body to heal itself than anyone else in the world - regardless of practically any circumstance you can dream of!

"The lymphatic vessels have the unique ability to remove the blood proteins and excess water from around the cells so the oxygen that is in the blood stream can get to the cells to heal the body! Learn how to assist this process so your body can be free of pain, loss of energy, and disease as long as you live."

Dr. C. Samuel West - Nov, 2001

NOW YOU KNOW WHY THEY BURIED THIS RESEARCH!

Our Bodies Were Created To Heal Themselves!

A little girl got hit by a car; her legs were broken in two and split down the middle. Doctors prepared for pins and surgery. (A before & after the Power Plants technique by Dr. West.)

No pins or surgery were needed!

To teach this research we have produced 5 2hr. DVD's, 11 Audio CD's, a text called The Golden Seven Plus One', 3 other Life-Saving Books, an Instruction Manual, and a 261-Question Exam which directs you to the pages that the answers are found on in the book. Donate to help save the 50,000 men, women, and children (one full-blown atomic bomb) who are being killed every two weeks with cancer and heart disease; and we will send you educational materials worth tens of thousands of dollars as a gift!
